## Hartli Consulting Engineers- Graduate Program Application Form

**Position:** Graduate Structural & Civil Engineer

### Program Overview

The Hartli Consulting Engineers Graduate Program is designed to provide aspiring Structural and Civil Engineers with a strong foundation for a successful career in the industry.

**Paid Work Experience (3–4 months):** Gain exposure to real-world engineering projects while receiving a training allowance of **\$50/day**. This phase is focused on developing practical skills, building confidence, and understanding how our projects are delivered.

**Graduate Role:** Following a successful performance review, transition into a full-time graduate position with a competitive salary package. You will continue to develop your technical expertise and professional skills under the guidance of senior engineers.

**Career Development:** Benefit from mentoring, structured learning opportunities, and hands-on project involvement to fast-track your professional development.

**Real Impact:** Collaborate with experienced industry professionals on impactful projects that enhance the built environment and contribute to the community.
